

FREEDOM PLACE

WORLD CLASS OFFICE

Real Estate & Human Trafficking

The Freedom Place office tower is the first-ever \$1 billion office tower to be built with the goal of 100% of profits going towards fighting human trafficking.

The Problem

- "Human traffickers are earning billions of dollars on the backs and in the beds of our children," says Not My Life film director, Academy Award nominee, Robert Bilheimer.
- The U.N. estimates that worldwide slavery exceeds 40,000,000 people, more than ever before in human history.
- Each year, the human trafficking industry generates \$150 billion worth of profits.

The Solution

- As the developer of Freedom Place office tower, 100% of our estimated \$125 million profits will go towards fighting human trafficking.
- The prime Class A office building will be home to Fortune 500 corporate headquarters and leading companies that require modern, flexible, open spaces and the best amenities in a live-work-play environment.
- Tenants will join the ranks as proud fighters against modern slavery, and employees will be inspired each day by memorials and events in the community.
